

# Streamline your workforce computing deployments

## HP Workforce Computing Configuration & Deployment

### Deliver great employee computing experiences on day one

HP doesn't just make the devices that employees love – we free IT to do more, by providing seamless PC configuration, deployment, and zero-touch set-up direct from the factory. Plus, we provide flexible logistics and delivery options for device roll-outs on your terms.

Give your employees productivity right out of the box with expertly configured and customized business PCs securely delivered and installed wherever they work with HP Configuration and Deployment Services.

#### POWER ON TO PRODUCTIVITY

Be confident your workforce will have a consistent device experience with trusted, reliable delivery and productivity, right out of the box.

#### LIGHTEN YOUR IMAGE LOAD

Lighten the load on IT with zero-touch device customization performed during manufacturing, before PCs leave the HP factory.

#### IMAGING EXPERTS AT YOUR SERVICE

Streamline image and software configuration with secure provisioning and data migration by HP Experts, so devices arrive employee ready.

#### PC FLEET ROLL-OUTS ON YOUR TERMS

Confidently plan device deployments, with true business PCs delivered when, where and how you need them.

# HP Configuration & Deployment Services

Reduce strain on IT resources and give your workforce a head start on productivity with HP's broad portfolio of Configuration & Deployment Services, performed by HP Experts in the factory and onsite, wherever employees work.

## CONFIGURATION SERVICES

### Image & Software Configuration

Automate PC imaging, BIOS configuration set-up, and provisioning for custom-configured hardware ready to sustainably ship straight from the factory.

### Hardware Configuration

Reduce the cost and complexity of custom hardware configurations by letting HP test, procure and integrate third-party components.

### Tagging & Packaging

Let HP help track and manage physical devices with asset tagging or special packaging as part of the manufacturing process.

## DEPLOYMENT SERVICES

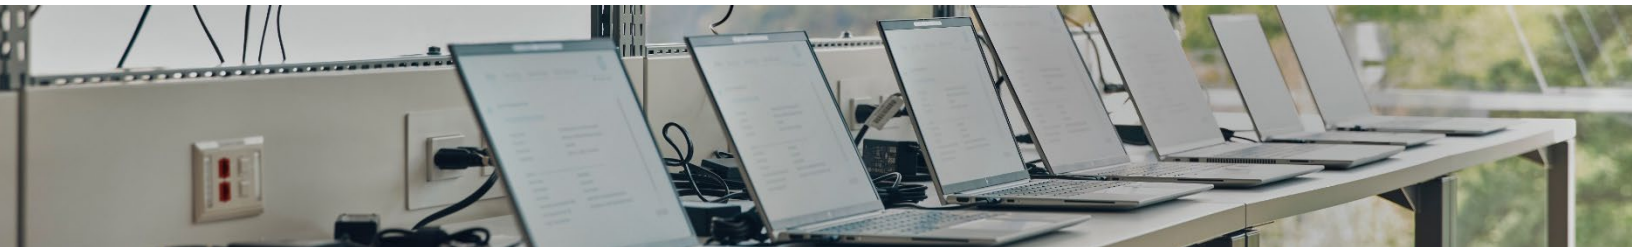

### Logistics Services

Flexible logistics options let you define delivery times, locations—including home delivery in over 50 countries<sup>1</sup>—and special equipment needs so devices arrive when, where and how your IT team needs.

### Installation Services

From basic unboxing and setup to onsite image installation or data migration, HP Experts can provide a broad range of installation and set-up services at your locations to ensure employees are ready for productivity.

## Let HP simplify your next PC deployment

Let HP lighten the load on your IT with HP Configuration and Deployment Services with expert-level assistance to ensure your workforce is ready for success with business-ready devices tailored to your organization's IT and business needs.
